# Commodore's Corner

The end of the year is here and the holidays are upon us. As I reflect on the last twelve months I see great things for our class and there is much news to share. Our class participated in a number of fantastic events, including the Nationals in Dallas and the Masters at Cedar Lake.

The upcoming Midwinters NOR will be posted shortly, so get ready for some early season excitement in 2018. Next years Nationals will be in Pewaukee in August, and the Masters will be in Indianapolis in June. Our sanctioned events are scheduled out to 2021 and we continue to receive bids from clubs interested in hosting the MC Scow. Our builder, Melges Boat Works, is selling many new boats and the new boat has been well received and looks to be very fast.

We continue to expand with a new fleet forming on Barnegat Bay, and a recent request to charter a new fleet in Atwood Lake, Ohio. Atwood Lake has indicated they will host a regatta on the last weekend of April, the week before the Cowtown. Sounds like a perfect way to tune up for the Masters.

Our membership continues to be consistent and due to being a premier one design class, the used boat

market is strong. Used boat values go up every year. In fact, every boat I have owned I have sold for more than I paid. What other class can make that claim? The best part is that boats sell quickly on our website.

I want to offer my thanks to Chris Craig and Pete Comfort as they complete their terms of office as Board Members. Likewise, I welcome new Board Members Brian Morgan and Mike Keenan and I look forward to working with them in the coming year. I would also like to thank Dan Fink, who is our Vice Commodore, and is also our Treasurer and Website Manager, for all of the hours he puts in on behalf of our class. I would also like to thank Bob Wyncoop, our Director of Communications, who has agreed to continue on in that role in 2018.

Finally, one of the main reasons we benefit from all of the above is due to our strong class and website. Class renewals are going out, so don't forget to renew your membership and be part of this great one design class, the MC Scow. All the best.

Richard Blake, Commodore  
MC 2161

---

## Editor's Note

Another year has evaporated into the mist of memories. Our photographers and production staff will be back in 2018 to catalog the MC sailing world. We hope you enjoyed your magazines this past year as we endeavored to cover the racing and excitement of our sailing scow activities from around North America. Watching this group through my editor's lens has given me a unique

perspective on what a truly great group it is that makes up the MC scow class. I've made wonderful friends across the country because of this opportunity and look forward to more of it as I move through my "Grand master" years with all of you.

Sail fast,  
Bob Wynkoop  
Editor

# Meet the Board of Governors

**Richard Blake** lives in Galloway, Ohio, a suburb of Columbus, Ohio, and Sails out of Hoover Sailing Club. Richard is married to Tracy, and is a father to three girls and a grandfather to two grandchildren. Richard is a Director in the Legal Department of the Ohio Bureau of Workers' Compensation.

Richard currently sails MC # 2161.

**David Helmick** is a MC sailor since 2009, and a longtime Florida one design and off shore sailor. He's the current Commodore of Lake Eustis Sailing Club and often accompanied by his lovely wife Nancy.

**Amy Walsack Larkin** is originally from Barnegat Bay, NJ and a family of huge boating enthusiasts, Amy was introduced to the sport of sailing at a young age but didn't start competing until her late teens in one-design boats and, offshore racing. She moved to the Atlanta area shortly after college where she continued the sport she loves at Lake Lanier Sailing Club in Flowery Branch, GA. Starting up with the MC in 1995, Amy was a bit of a minority, being under 30 and a woman, though she quickly fell in love with the boat and the class. Amy lives with her husband Bob and her four furry children in Duluth, GA.

**Joe Friction** is married to Jenny, and has two boys, Lucas and Charlie. Joe lives in Minneapolis, Minnesota, and sails on Lake Harriet, He is currently working on growing team racing in the MC fleet. Joe learned to race at the University of Iowa, and is now teaching his love of sailing to his boys. Off

the lake, Joe is an attorney representing dental practices and other small health care businesses.

**Chris Craig** sails with Fleet 06, from Lake Fenton SC, MI. Chris is a long-time scow sailor.

**Andy McDonald** grew up sailing at the Indianapolis Sailing Club. After participating in a few different classes, he decided to campaign a Thistle for many years all around the country. In 2000 he was fortunate enough to win the Highlander Class National Championships. As an empty

nester with three sons out in the world, Andy discovered sailing again through the MC Scow. His first MC Scow race was Race #1 at the 2015 Nationals and he has made several MC regattas since and is a driving force in the new fleet in Indy.

**Stefan Schmidt** originally from Shorewood (Milwaukee), WI. I started sailing as an X boat crew for renowned M-16, MC racer and ILYA/national race officer, Bill Best on Big Cedar Lake, WI around 1960. Many years later (mid 80s) I started skippering, getting hooked on Badger Tech racing at Hoofers Sailing Club in Madison, WI where

I now live with Kristi Betts (often seen with her bright green kayak at regattas on the circuit). I have owned and raced Lasers, Windsurfers, M-20s, I-20s, E scows and served as Mendota Y.C Commodore in 2001. The MC fleet (since around 2010) is my primary home for racing now. I am so impressed by the joyful and generous spirit of this class and am thankful to all who have helped me try to improve. Where else can someone compete in large venues in all regions of the country against all levels of racing ability?

**Pete Comfort** grew up sailing the Butterfly on Beautiful Torch Lake Michigan and crewing on my dad's E-Scow. In addition to the MC I have also raced the Butterfly, Laser, C-Scow, M-20 and E-Scows. I have been sailing the MC for almost 25 years and love the family feeling the class provides. I have been all over the country sailing and

there is something about MC sailors that are just so welcoming and friendly. My wife Julie is an avid runner and also a great crew for the windy days. I have two daughters 2 and 4 years old that love to watch me sail and jump in the boat whenever they get the chance.

**Dan Fink** aka "Squad Car."

# PROVEN SPEED

Mari Johnson, Regatta Girl Photography

From day one our sails have proven to be fast out of the bag and caught the eye of top sailors in the MC Class. With continued involvement in the class and fine tuning of our designs they are now at the top of every regatta. The results speak for themselves.

Check our website and see the victory list or inquire about our fast sails with John Porter, Ryan Grosch or Mike Considine on the regatta circuit. Make 2018 your year to shine!

No telling what you might find in here.

### Brand New MC fleet in New Jersey

The Northeast continues to shine with the addition of yet another MC fleet, this time in New Jersey. The BBYRA, a consortium of many individual clubs that gather to sail together in the waters of Barnegat Bay, has just become MC Fleet 105. Their information and contacts are listed on the MCSA website. Congratulations!

### Vote for your favorite caption:

1. "oh crap, I guess folding my arms in tight to my body isn't working"
2. "this isn't going to end well"
3. "I hope nobody is taking a picture of this"
4. ...and then there were 4 1/2 safe on the dock.

Bedlam on the Bay

Fleet - Mallets Bay YC - VT, August 2017

By Zach Clayton

The inaugural Bedlam on the Bay regatta hosted by Mallets Bay Boat Club is the brainchild of Toby Doyle, Al Baker and Bob Wynkoop. The MC class in the northeast is growing and the opportunity to add an event to an open date on the calendar, at a new venue, combined with the Shark Catamaran National Championship was too good to pass up. Mallets Bay is situated on the east side of Lake Champlain just north of Burlington, Vermont. The forecast offered up an ideal weather forecast and 16 skippers were ready to test their skill at this gorgeous location.

The fleet consisted of much of Fleet 99 (Petipaug Sailing Club, CT) with those not able to attend offering loaner boats. Some of the guest skippers included long time MC sailor and east coast transplant, Peter Toumanoff, Boston youngster, Nathan Kotz via Clear Lake, Iowa, Dave Helmick on sabbatical from Lake Eustis, FL and Zack Clayton coming out of pseudo retirement. The Canadian contingent came south with three (Will, Andre and Dana), Jordan Murphy from New Jersey and local favorite and regatta host Al Baker.

The local RC team certainly had a pulse of the local weather system and even though the water was clear as glass, they were confident that racing would occur on day 1. After a short land postponement, the RC sent the fleet out in a light northerly thermal. As the fleet reached the sailing area, it was clear that the breeze was not ready for racing. The fleet sailed through the pinch and got a wonderful view of outer Mallets Bay (suitable for National Championship level racing for all scow classes). The outer bay refused to fill, but a nice 6-10mph breeze filled the lower bay and the course was set.

The day was certain to be exciting as the fleet was watching 20-30 degree shifts

pulse through the course. Race 1 had a square first beat and then the thermal was overpowered by true breeze causing a huge right hand shift. The RC reacted quickly with a mark change to the right, but alas the joy of multiple fleets on the course, a anchor line caught in a prop and some course confusion had the RC shorten the course. The fleet was muddled on who finished where and who managed to finish legally. The RC did the best they could to unscramble the fleet and Zack came out on top of race one, with Keith Kraner 2nd (although I would be happy to have Keith take the bullet as he sailed a great race) and Chris Moore, 3rd.

With the breeze a bit more settled and the course squared up, the fleet was off for race 2. Again Zack jumped to the lead with the help of a persistent right hander and some increased velocity. Al Baker showed he was a quick learner with a deuce in this one followed by Dana Nelson, Peter Toumanoff and Bob “Papa Smurf” Wynkoop (just check out the Gus facebook page for his blue sail) rounding out the top 5.

Race three had the best velocity of the day (8-12) with a bit higher puffs. What

had been a predominately right hand day, threw a curveball in for the first beat of race three. Nathan Kotz led the way with Bob Wynkoop and Dave Helmick on his heels. Reality returned after the first beat and the stronger right hander returned for the rest of the race. Bob split with the lead pack up the short final beat and narrowly missed out on the win with Dave Helmick in 3rd , Zack rallied from the back to finish 4th and Chuck Poindexter

had his best race of the series finishing 5th. The fleet hit the shore and enjoyed the setting sun, free beer and light appetizers before moving onto evening festivities.

Day 2 greeted the fleet exactly as Day 1, flat as a pancake, with bright sun. The RC ensured the fleet that there would be breeze again. The Shark fleet had all day to race. The MC fleet was under a bit more stress with everyone needing to get home for the upcoming week. Some of the fleet punted and pulled for home. The remainder of the fleet headed out in a light 4-6mph thermal.

Race 4 was the lightest of the series, but enough to be off the low side. Smaller, but just as difficult shifts were in play. Zack managed to navigate the first beat just well enough to lead at the top mark followed by Will Hendershot and the rest of the smaller, but tightly grouped fleet. Will took the lead on the first run and never gave it back, leading the fleet to the finish followed by Zack, Al, Dana and Chuck. The breeze built just a tad for the final race of the day and the swing of the breeze grew a bit as well. Will and Al seemed to have a good handle on race 5 until the second beat where Nathan picked the perfect layline as a big right hand shift hit the course and left the rest of the leaders overstood. Nathan held off the gaggle for the win (note when beer is involved the young guys can win races – he also won race 3 on Saturday) followed by Al, Will, Zack and Stephen Dix.

The fleet was full of worry on Sunday as fellow fleet 99 skipper Christopher Moore had a bit of a health scare on Sunday morning. Great work by Bob Wynkoop and Vic Hoehnebart along with the Grand Isle Rescue Squad and everyone at UVM Medical took great care of Chris and we are happy to report that their quick actions allowed for Chris to be discharged early this week with fellow Fleet 99 member Burke Wasserman driving up to Vermont, just after landing from

Florida and he is back home safe and sound in CT recovering with his family and friends. Expect to see him on the water in the near future. This guy will do anything to earn a pair of sailing shorts! (Inside joke from the author).

Mallets Bay is a bucket list place to visit. Great shopping, food, views, water, hiking, sailing, you name it, the area has it. Get your calendar clear for 2018 and find your way to the NE to take part in some great sailing, a good time and a wonderful view!

Regatta Results

Blue Chip Championship  
Fleet 07 - Spring Lake YC, MI, September 2017

The 31st Annual MC Blue Chip Championship had plenty of past champions, but it was the first time competitors from NY to MN that really made this a unique sailing event at the Spring Lake Yacht Club. Located less than a mile from the shores of Lake Michigan, Spring Lake will certainly test your boat handling skills, ability to read the wind and sail in close proximity to the entire fleet.

Day one: The SE breeze of 6 – 7 knots allowed for a long narrow sailing course making for tight racing as the fleet executed its way around shoreline points and coves that provided plenty of opportunities for gaining or losing boats on every leg. Race #1 – Andy McDonald took an early lead but got caught too close to shore on the first downwind leg while Ted Keller got free ½ up the 2nd weather leg and held off past champions Jamie Kimball, Pete Comfort and Cam McNeil

for a hard fought win. Race #2 the wind shifted slightly to the South at 5 – 6 knots and the course was set-up at the widest part of the lake allowing the fleet to separate. With the oscillating breeze it was important to stay in the pressure and tack immediately on the big shifts. The top 6 boats sailed within 50 yards of each other for nearly 3 legs with the lead changing hands several times. Pete Comfort got to the favored (right) side of the course the final leg and left Ted Keller and Jamie Kimball fighting it out for a close 2nd. First timer Devon Howe stayed close to the lead eventually settling for a well-deserved 4th place finish. The unusually warm weather and shift of the wind to the SSW gave provided a whole different race course to the West of the club. Winds were about 5 knots which rewarded sailors with patience and willing to go close to the shoreline and catch the subtle lifts. Race #3, local Scott

Harestad tacked to port off the starting line and was rewarded with an early lead followed closely by 5-time champion Ted Keller. The top 3 was another repeat with Ted Keller (1), Peter Comfort (2), Jamie Kimball (3); but the real story was Dan Fink and Allison Price coming back from 9th and 10th place at the final mark to finish in 4th and 6th respectively.

Day One Top 5 were:

Ted Keller – 1, 2, 1, Pete Comfort – 3,1,2, Jamie Kimball – 2,3,3, Cam McNeil 4,7,5, Scott Harestad 6,5,9 Day two: After an excellent evening with a Sunset dinner overlooking the Grand Haven Lighthouse, Musical Fountains and Lake Michigan everyone had their game faces on for the back to back to back races. The winds were a perfect 6 – 8 knots from the SSW setting up a great morning of tight racing. Race #4 the course was the same as Race #1, so

again there is a narrow passage heading up the weather leg and the lead seemed to change hands on just about every tack. Pete Comfort (1), Cam McNeil (2) and Todd Bosgraaf (3) seemed to hit their groove and pulled away from the fleet with precise tacking on every shift up the right side of the course; Grand Master and mystery guest Rob Terry led the tight 2nd pack with an impressive 5th place. Race #5 - The fleet split sides at the start as the wind shifted slightly to the South, Jamie Kimball (1) and Joe Rotunda (2) took advantage of their past experience at Spring

Lake and easily outclassed the fleet ahead of a hard charging Dan Fink and Cam McNeil. Race #6; this one had a little of everything, as the top 10 were trading places on every leg of the race. Ted Keller eventually rebounded from his difficult morning races followed closely by Andy McDonald and a hard charging Casey Christensen and Joe Rotunda.

Looking back at the scores you can see just how difficult it is to win this regatta. The top 4 sailors after day #1 also had finishes of 6, 6, 7, 10 and 14 on Day #2. I encourage all MC sailors to attend your local regattas and earn the opportunity to sail in this prestigious sailing event against the best in the country. The venue and comradery are second to none, the food always plentiful and the competition unparalleled.

Canadian Championship

Fleet 94 - Club de Voile Deux-Montagnes, QC, September, 2017

The forecast of a huge high-pressure system, sunny skies and minimal wind did not bode well for our regatta this year. The forecast may have been behind a number of last minute cancellations. Eight MCs from CT, NY and Canada showed up in any case and the race committee, led by Daniel St-Onge did a great job of running 5 races for the MC fleet. The MC regatta was part of a large Provincial Championship for the junior sailors of Quebec so we were racing on a course with Laser radials and 29ers – the MC fleet certainly bumped the average age on the water up a notch.

The wind was light in all but the 4th race with the winners being the sailor with the ability to choose the side where the best pressure would be on the next leg. There were lots of hero-to-zero stories told at the end of the day and just as many fantastic recoveries from last or almost last to podium position. The last race on Saturday was the exception where there was a steady 10 kt breeze across the course and Dana Nelson and André Gagnon rounded the leeward mark together, hit opposite corners and were on collision course at the top mark.

At the end of the day on Saturday, with four races on the score card, Will Hendershot was in first with 12 points, André Gagnon, André Marcotte and Dana Nelson all had 15 points and Jonathan Boisvert had 16 points. If we

completed one more race then we would have a drop, and given how many boats had at least one bad race that could make a big difference in the final results. It is a very close regatta when 5 out of 8 boats are in contention to win the regatta after four races!

After a delicious supper at Will & Hélène’s home, organized by Louise Nelson, everyone headed for bed to get some rest before we tried for more races on Sunday.

Sunday dawned with reasonable breeze and after a short delay the RC got the MCs started. Unfortunately the wind gradually died and the 4-leg race was shortened to 3 legs. Again being in the right place at the right time was key. Burke Wasserman could do no wrong in this race and easily walked away with the race win. By the time the race was

finished the wind was so light the RC decided to postpone until later in the afternoon; the MC fleet had decided to not start another race after noon so we headed back to the hoist.

With the drop, and a second in the last race and two firsts, Jonathan Boisvert won the regatta with Will Hendershot winning the tiebreaker with André Gagnon for second.

Despite the light wind we were all happy that we were able to sail 5 races and the conditions helped mix up the fleet and gave lots of us a chance to have at least one great race.

This is the only MC regatta held outside the USA and many of our friends enjoy visiting great tourist destinations in Quebec. You might want to put this on your to-do list for next year.
